Francis Xavier Hr Sec School
2018 – 2019 | Thoothukudi, India

SSLC - State Board,
Francis Xavier Hr Sec School
2016 – 2017 | Thoothukudi, India

SOFT SKILLS

- Hard Work
- Self Motivator
- Creativity
- Team Work

CERTIFICATES

- Project Presentation on Home Automation using Arduino

OBJECTIVE

Highly motivated and enthusiastic fresher with a passion for the IT industry. I possess a strong desire to learn, grow, and contribute to a dynamic organization within the technology sector, specifically in full-stack development. My solid foundation in C programming, HTML, CSS, and Java, coupled with my ongoing learning in full-stack development, allows me to adapt quickly to new technologies and tackle challenges with confidence.

TECHNICAL SKILLS

- Core Java
- HTML
- CSS
- JavaScript
- ReactJs

Tool :

Visual Studio
spring tool suite

PROJECTS

Home Automation

Develop a Home Automation System using Arduino UNO and Bluetooth module HC-05. Efficiency of the system in controlling various devices in the house. Response time of the system to user input.

Vehicle Accident Alert System

The Vehicle Accident Alert System is a cutting-edge project aimed at enhancing road safety and minimizing the risk of accidents. It is designed to detect and alert nearby vehicles, emergency services, and relevant authorities in the event of a vehicular collision or accident.

FREELANCE PROJECTS

Ecommerce website

Project duration: 15 Days

Description:

Designed and developed an e-commerce website for a local store using HTML, CSS, and JavaScript. Created product pages, shopping cart functionality, and payment integration.
